ABOUT US

Kiguma Development Foundation (KDF) is a Local non-governmental organization, not for profit, Registered under Non-Governmental Organizations Act, 2002 with Registration no.00NGO/00004308 since 2010. It supports livelihood-challenged communities in Tanzania to sustainably improve their well-being and standard of living. KDF has reasonable years' experience working with marginalized communities.

Directed by its philosophy of participation and collaboration, KDF focuses on creating long-lasting development through an integrated approach that supports communities to become self-reliant and regain control over their lives.

In addressing various community problems, KDF use participatory, equity, inclusion and right based means to work with strategic stakeholders including vulnerable and marginalized groups such as People with disabilities, women and children among others to increase joint efforts, co-operation, project sustainability, effective change making and as a means of creating a louder voice for change and mutual support in addressing community problems.

Mission

KDF's mission is to contribute in livelihood challenged communities to sustainably improve their standard of living through community empowerment approaches in partnership with stakeholders.

Vision

KDF's vision is sustainable improved quality of life for disadvantaged communities in Tanzania.

This vision is supported by four pillars:

- o *Community Participation,*
- o *Gender Equity,*
- o *Sustainability,*
- o *Capacity Building and Empowerment*

Core Values:

- Compassion for livelihood-challenged communities,
- Community-centered sustainable solutions,
- Respect for all stakeholders,
- Partnership, with shared responsibilities,
- Integrity in all what we do,
- Efficiency in resource utilization.

Thematic Areas

KDF works with communities, local government and other development partners to improve:

- ❖ Basic services (health, education, water, hygiene and sanitation),
- ❖ Food and income security,
- ❖ Environmental management and responsiveness to climate change in all these settings;
- ❖ Governance, civil society strengthening and peace building.
- ❖ Humanitarian relief and recovery.
- ❖ Research to provide the evidence base for the above.

Cross-Cutting Issues

In all its programming, KDF aims to mainstream the following cross-cutting issues:

- ✓ HIV/AIDS,
- ✓ Gender Equality and Equity,
- ✓ Disability,
- ✓ Population and family health

KDF is grateful to its development partners over the years who have continued to believe and support its work of uplifting the lives of communities.

2 :WHAT WE DO

We work closely with communities to identify and develop projects that promote ownership, are relevant and sustainable.

Our work uses an integrated approach to deliver holistic development to communities in the following areas:

- **Basic Services:** We work on programmes that promote healthy populations living in healthy environments by improving access to quality services in (Primary Health Care, Water, Sanitation & Hygiene and Education).
- **Food & Income Security and Environmental Management & Protection:** We work with partners and communities to increase food production and eradicate dependency on food relief, tackle environmental degradation and increase household incomes.

➤ **Governance, Civil Society Strengthening and Peace Building**

Initiatives: We unleash the power in communities to become strong actors in peace building and active participants in their own development.

3: WHERE WE WORK

KDF, currently supports and facilitates community health and development programmes in the remote area of Tanzania mainland as per our registration.
